

For your convenience and safety, I will be painting <u>highly</u> reflective addresses on the curb tomorrow. This is done ONLY at your request, <u>so if you would like to be included</u> please fill out this form. Having your address VISIBLE at night makes it MUCH easier for the fire department, visitors, and deliveries to find you, and can help save lives in the event of an emergency. If you haven't had your address painted in the last 12 months, please consider having it done now. It's only ten bucks, and you get a warranty.

The address numbers mounted on your house are <u>extremely</u> <u>difficult to see</u>, and therefore <u>not very reliable at night</u>.

Please take this opportunity to have your address painted by a professional. My work is far superior to others who may offer to paint your address, and I am the only one who will GUARANTEE quality and your satisfaction.

- \* Old flaky paint is scraped off AND THEN the curb is primed before painting
- \* I do NOT use cheap paint all of the materials are the very best on the market
- \* Each address is coated with .25 micron glass beads to ensure high visibility at night

To have your address painted: Please fill out this form and secure to your front or garage door, mailbox, or wherever it is easily visible from the street. Please do this before 10 AM Tomorrow, and your order will be picked up rain or shine. Please leave the notice out until it is picked up. If you prefer, you may leave your payment attached to your order or wait until the work is completed. Please make checks payable to: Dusty White (USMC FMR)

Thank you for reading this and Semper Fidelis!
